CLASS PROPOSAL

Please include a brief description of the projects, themes, and media for your class. Provide a brief overview of the supplies and equipment required for your class. Indicate the appropriate age groups (see below). Feel free to submit more than 2 proposals!

- I am looking for new classes – If you taught a very specific class during ASAP 2016, we will most likely not be repeating it identically, but will rotate it back in the future if it was particularly successful. If there is a class that you taught a few years ago that you would like to bring back, please propose it.
- We will be running the College Prep Program again, so if you have a great portfolio building idea for High School students, please propose it.
