- Program more than 40 exhibitions each year featuring local, regional and national emerging and established artists;
- Provide arts education opportunities to more than 3,000 K-12th graders each year, with outreach programs that encourage participation from underserved communities in Wake County;
- Provide professional development opportunities for emerging and professional artists through time and space to work in our open studio environment, residency opportunities, workshops and paid teaching opportunities;
- Program approximately 100 public events each year that are open to the community and completely free of charge.

The Artspace Gala is open to art lovers looking for a fun, engaging and truly inspiring event that supports the local creative community.
